

# WHERE TO BUY SOFTBALL EQUIPMENT

We recommend that you buy your equipment from a knowledgeable store.

While we do not discourage you from buying from a national chain, keep in mind that the employees' product knowledge is often minimal. In addition, selection is usually geared toward older girls. In the past, parents have often bought equipment that is not suited for their daughters.

MCGSA recommends 2 Atlanta stores that we believe provide value and excellent product knowledge.

**Jonquil Sporting Goods, Inc.**  
**2945 Atlanta Road**  
**Smyrna, GA 30080**

This is an online retailer located in Atlanta. Check out the large selection of equipment online. The real benefit is that you can go to the store and try out numerous bats and gloves before buying. The store is in the basement of a house, so call ahead and get specific directions and hours before getting in your car. You would never find this store if you were just driving by.

(Note: This is not an advertisement. Neither retailer has paid MCGSA for this recommendation.)
